

INSTALLATION GUIDE | **STONE**

1 PREPARE SURFACES

- Clean the table top and table base with a soft, clean cloth. Ensure table top and table base are dry and free of dust and debris.

2 APPLY ADHESIVE

- Spread adhesive evenly all over the top surface of the table base.

3 POSITION TABLE TOP

- Carefully position and align the table top over the table base before gently setting it down.

4 SECURE & WAIT

- Let the adhesive cure for at least 24 hours before moving or using the table.

5 CLEAN UP

- Remove and clean up any excess adhesive.

6 FINAL CHECK

- Ensure the bond is strong and test the stability of table top before using.

Please handle with care. After installation, do not lift by tabletop only. Move the entire base and top together to avoid detachment.
